GENERAL REGULATIONS AND LAWS:

In the event conditions should develop which would result in an undue reduction of big game, the State Fish and Game Director has authority to close or shorten the season upon two days notice.

It is unlawful for any person under twelve years of age to purchase a big game license and/or hunt, shoot, kill, or attempt to hunt, shoot or kill big game animals.

SHOOTING HOURS: Open season, on dates listed, shall be one hour before sunrise until one hour after sunset to conform with the five time zones. Time zone descriptions and schedules are available at license dealers, District Fish and Game Headquarters and State Fish and Game Wardens.

The big game tag provided with your license must be detached from the license, filled out with the month and day of kill punched and the tag affixed to the carcass **immediately** after killing, and remain thereon, so long as any of the carcass remains.

It shall be unlawful for any person to hunt, shoot, kill, or capture, or attempt to hunt, shoot, kill or capture game animals without a valid big game license with tag attached.

It shall be unlawful for any person to transfer or use any license or tag issued to another person. This includes all members of the immediate family.

It shall be unlawful for any person to hunt, shoot, kill, or capture, or attempt to hunt, shoot, kill or capture game animals with the aid of artificial light.

It is unlawful to shoot, kill or attempt to take, capture, shoot, or kill, any game animals or game birds from any vehicle or from any public road or highway.

License must be in possession when hunting and must be shown to any game warden or peace officer upon demand.

It shall be unlawful for any person to hunt any big game without wearing a hat, shirt, jacket, or coat of a bright red color.

It shall be unlawful to ship or transport game birds, game fish, fur or game animals out of Montana by private car or any other means without a shipping permit.

CERTIFICATE OF COMPETENCY: On and after January 1, 1958, no big game hunting license shall be issued to any resident person under the age of eighteen (18) years unless he presents to the person authorized to issue such license either: (1) evidence that he has held a hunting license issued by this state in a prior year, or (2) a certificate of competency as provided by this section; providing further that all resident persons under fifteen (15) years of age must present a certificate of competency even if they have held a hunting license in prior years.
